

NETWORK OF ASIA & PACIFIC PRODUCERS

CALL FOR THAILAND REPRESENTATIVE BOARD MEMBER

Introduction

Fairtrade changes the way trade works through better prices, decent working conditions and a fairer deal for farmers and workers in developing countries. By choosing Fairtrade products, people can create change through their everyday actions, and farming communities can improve their lives and invest in their future.

As a global grassroots movement and the owner of the most trusted ethical mark, we seek to be at the cutting edge of reforming global trade in favour of justice, unlocking the power of disadvantaged producers and workers.

For the past 25 years, we have taken the vision of the pioneering fair traders to the wider public, directly reaching over 1.5 million smallholders and workers. The model has been shown to work; now we need to take it wider.

Fairtrade's Strategy 2016 – 2020 focuses on the following areas:

- Building Benefits for Producers
- Deepening Impact through Programmes and Services
- Building Fairtrade Markets
- Influencing Government Policies
- Building a Strong Global System

The international Fairtrade system includes three producer networks, 19 Fairtrade organizations, Fairtrade International, and FLOCERT, the independent certification body of the global Fairtrade system.

The FI members include the three producer networks, and 19 of the Fairtrade organizations. They developed the Fairtrade labelling model and are responsible for decision making within Fairtrade International. The 19 Fairtrade organizations around the world promote products that carry the FAIRTRADE Mark. The three Producer networks represent Fairtrade certified producer organizations in the system from Asia Pacific, Latin America and Africa.

The Producer Network NAPP is the registered body under Hong Kong laws. It is a producer body that is responsible for delivery of producer services in Asia Pacific, provide inputs for Fairtrade Standards setting and supports producers in Asia Pacific. The current board has 16 elected board members governing the organization elected by the General Assembly of Fairtrade certified producer organizations in Asia Pacific. The Central Office of NAPP is based in Bangalore, India but works through staff and consultants located around the Asia & Pacific region where our producer organisations are located.

We have an ambitious strategy for transforming the way we work and scaling up the impact of our work and our Board of Directors has a vital role in providing strategic direction to achieve these aims.

For ensuring effective representation of Thailand based Fairtrade certified producer organizations in the NAPP, Board of directors have resolved to invite a representative of Thailand based Fairtrade certified producer organizations as Board member.

The Role of the NAPP Board

The Board of NAPP is the governing body of the organization of Network of Asia and Pacific Producers and as such is responsible for the management of the Central Office and strategic guidance of the organization. The Board's primary role is to develop long-term directions and goals for the NAPP and for the NAPP Central Office, based on the mission of NAPP which is to serve as an organ of

representation, coordination, exchange and collaboration for the empowerment of small scale farmers and farm workers from Asia and the Pacific within the framework of Fairtrade certification. To facilitate the incorporation of more producers to be able to join the Fairtrade movement in Asia and the Pacific through an existing wide range of products and services and to ensure that Asian and Pacific realities and conditions are taken into account while setting Fairtrade Standards without compromising on the basic principles of Fairtrade.

Currently the NAPP Board consist of 16 members, elected through the General Assembly Election held in 2018. The NAPP Board aims to hold three physical sessions a year with additional virtual meetings as necessary. Meetings are generally held over two days to make the best use of time for people coming from long distances. All Board members are also asked to be involved in sub-committees and other groups that meet between Board meetings although these are held mainly by teleconference. It is expected that Board Members will contribute an average of 5 days per month

This competency framework comprises three elements:

1. **Threshold competencies:** The minimum generic professional knowledge and skills that should be desired of **all** Board members.
2. **Differentiating competencies:** Specific areas of experience in which **at least one** Board member should be able to demonstrate a high level of proficiency and success.
3. **Personal characteristics** and behaviours to be demonstrated by **all** Board members

In addition to the competencies listed above every Board member must be able to travel internationally to take part in physical Board meetings

Board positions in NAPP carry no remuneration but travel and other out-of-pocket expenses are reimbursed. In return for your contribution, we offer the chance to work with and on behalf of people who are passionate in their commitment to our mission and are constantly inspiring in their energy and creativity to overcome hardship and achieve positive change.

Role of Individual Board Members

Each Board Member is responsible for the overall governance of NAPP within the Board framework and Code of Conduct. Each Board Member has an individual responsibility to the Board to ensure that the Board is fulfilling its responsibilities, which are outlined in section 3 of this document.

Board Member's responsibilities include:
